PROFESSIONAL SUMMARY

Creative and user-centric **UI/UX & Front-End Developer** with extensive hands-on experience architecting high-performance web applications and dynamic e-commerce platforms. Demonstrated expertise in translating complex wireframes and Figma designs into pixel-perfect, responsive React.js and Next.js interfaces with modular design systems, micro-interactions, and frictionless checkout flows. Proven track record delivering **45+ commercial web projects** across diverse industry verticals with a relentless focus on core web vitals, accessibility, and modern aesthetics.

WORK EXPERIENCE

UI/UX & Front-End Developer | CODTECH IT SOLUTIONS

July 2024 – Present

- Delivered 15+ full-featured E-commerce platforms, 10+ multi-dynamic web applications, and 20+ responsive corporate/static websites with tailored UI/UX architectures, smooth page transitions, and cross-browser resilience.
- Architected reusable, modular UI component libraries using **React.js, Tailwind CSS, and Next.js**, boosting developer productivity and standardizing typography, color palettes, and interactive states.
- Engineered end-to-end e-commerce workflows: dynamic multi-variant catalogs, product customization engines, interactive shopping bags, coupon validation, and **live Razorpay/UPI payment gateway integrations**.
- Spearheaded mobile-first UX optimization, touch gesture interactions, dynamic media rendering (Cloudinary), and lazy-loading techniques, achieving sub-second UI transitions and 95+ Google Lighthouse scores.
- Collaborated directly with stakeholders to conduct user journey mapping, design reviews, and rapid prototyping, translating business requirements into engaging digital experiences.

FEATURED PROJECTS

Infinity Frames N — Custom 3D E-Commerce Platform

React.js, Vite, Tailwind CSS, Supabase, Cloudinary, Razorpay

[Live: infinityframesn.com](https://infinityframesn.com)

- Architected a full-stack personalized gifting storefront featuring real-time photo uploads, interactive 3D product previews, dynamic wishlist, and customizable lithophane lamps.
- Integrated production **Razorpay Live payment gateway** with automated signature verification, dynamic discount coupon engine, and real-time order lifecycle tracking.

RONAV Technologies — Enterprise FinTech Management Platform

React.js, Vite, Supabase, Tailwind CSS, Node.js API

- Architected an enterprise-grade financial management portal supporting dual Merchant and Administrator workspaces with instant dual swipe machine switching (Pine Labs & Payswiff).
- Implemented real-time merchant virtual wallet tracking, automated transaction ledgers, BBPS utility bill payments, and personal/business loan application workflows with live database synchronization.

Vrinda Real Estate — Luxury Property & Commercial Portal

[Live Demo](#)

React.js, Tailwind CSS, Lucide Icons, Responsive UI

[Demo](#)

- Designed a modern, conversion-focused real estate portal with multi-attribute filtering (budget, location, property type), high-resolution interactive galleries, and instant lead-capture forms.

Sri Vaikunta — Traditional Sarees E-Commerce Platform

[Live Demo](#)

React.js, JavaScript (ES6+), CSS3, REST APIs

- Developed a high-performance ethnic wear e-commerce store with rich product categorization, high-resolution zoom galleries, and an intuitive, mobile-optimized shopping cart experience.

Sri Avighna Collections — Jewellery E-Commerce Store

[Live Demo](#)

React.js, Tailwind CSS, JavaScript

- Built an e-commerce platform for 1 Gram Gold Jewellery with real-time price calculation, product filtering, customer wishlists, dynamic cart summary, and custom checkout validation.

Eternal Nutrient — Health & Wellness E-Commerce Store

[Live Demo](#)

React.js, Tailwind CSS, REST APIs

- Crafted an aesthetic, nutrition-focused e-commerce storefront with supplement ingredient breakdowns, smart search filtering, and an animated quick-buy cart drawer.

Madhuri Fresh In — Quick-Commerce Fresh Produce Platform

[Live Demo](#)

React.js, Tailwind CSS, Mobile-First UX

- Engineered a lightning-fast grocery delivery interface tailored for mobile users with instant category navigation, real-time quantity steppers, and rapid checkout.

EduMe — Institutional School & Learning Portal

[Live Demo](#)

React.js, Tailwind CSS, Modern UI Architecture

- Developed a responsive educational web portal featuring interactive curriculum catalogs, faculty directories, virtual tour sections, and student inquiry submission modules.

TECHNICAL & UI/UX SKILLS

UI/UX & Design:	Figma, Wireframing, Rapid Prototyping, Design Systems, Mobile-First UI, Micro-Animations, User Journey Mapping, Accessibility (a11y)
Frontend & Core:	React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design, Component Architecture
Backend & Tools:	Supabase, REST APIs, Cloudinary, Razorpay Payment Gateway, Git, GitHub, VS Code, Vercel, Vite, NPM
Core Strengths:	Design-to-Code Implementation, High-Conversion Checkout Flows, Performance Optimization, Cross-Browser Compatibility, State Management

EDUCATION

Bachelor of Technology (B.Tech) — Matrusri Engineering College

2020 – 2024

Branch: Electronics & Communication Engineering (ECE)
